

No.D-3/iSARITA/2017/327

Date: 14.09.2017

Office Circular

Sub: Use of iSARITA system (Web based Registration System)

Ref: This office letter No.D-3/Pra.kra./2012/309 dated 26.07.2012

In July, 2012, "iSARITA" (Integrated Stamps And Registration IT Application) a web based system was introduced for registering properties at Sub-Registrar offices. From there onwards it is mandatory at all Sub Registrar offices to register documents of all types of registrable transactions through this system only.

iSARITA is a established system now with various additional online features like PDE (Public Data Entry), eStepIn, eMutation, eASR, eSearch, ePayment, ESBTR etc.

In view of the above, it is directed that it is a core responsibility of all Joint District Registrars to observe that the SROs are implementing the system properly.
